

## NORTHERN TIER HIGH ADVENTURE 2008 UNIT SIGN-UP PROCEDURE

To make sure your reservation goes smoothly, here are some important points and tips:

1. Call the reservation number (218) 365-4811 on **April 2, 2007, between 8:00 A.M. and 4:30 P.M. Central time**. If the line is busy, please keep trying. The phone lines usually quiet down in the afternoon. They will not fill during the first day!
2. Faxes or e-mail reservations **ARE NOT acceptable** for several reasons-
  - Occasionally faxes and e-mails do not transmit correctly. You might think you have made a reservation that Northern Tier has no record of.
  - Secondly, it is very important to talk to you directly. Then they can answer your questions and give you a verbal confirmation that the dates you have requested are available or help you make changes if your original dates are not available.
3. Be prepared with the following information when you call –
  - Which base you wish to attend (Charles L. Sommers in Ely, MN; Donald Rogert in Atikokan, Ontario; or Northern Expeditions in Bissett, Manitoba)
  - How many crews you will be sending (Maximum of 8 people per crew from Ely or from Atikokan if going south into the Quetico Provincial park, 11 from Bissett or Atikokan if going south)
  - Several choices of arrival dates
  - Trip length preferred (6 to 10 days)
4. When you call in, your crew(s) will be assigned a crew number and letter
5. After you have made a tentative reservation with them over the phone, you must fill out the reservation form (**with** your Scout Executive's signature) and mail the form to Northern Tier with a \$300.00 per crew deposit. The deposit is non-transferable and non-refundable.
6. If Northern Tier does not receive the reservation form and deposit within three weeks, your reservation is subject to cancellation.
